

Trinity Amps Pricing

May 2006

All prices in US dollars. Shipping from Toronto, Canada and applicable taxes not included.
Specifications and prices subject to change without notice.

Product Pricing – What You Should Know

- All of our products are created using the quality parts you would expect in a great sounding amplifier. A comprehensive user manual including amplifier operation and maintenance, circuit descriptions, tone tweaks, schematic and layout is provided with every purchase.
- Trinity Amps recommends Tone Tubby Loudspeakers but you can install others as desired. This allows you the freedom to select a driver for the specific tone you desire. We will install them for you at no extra charge, or you can install them yourself.
- All listed prices are in US dollars. Shipping from Toronto, Canada and applicable taxes not included. Specifications and prices subject to change without notice.
- Shipping of kits, empty cabinets, loudspeakers and parts are by Postal Service. Kits cost \$15 to ship in North America. Estimates for Cabinets range from \$25 - \$50; loudspeakers \$20 ea.
- Shipping of amplifiers is by Courier (FedEx or UPS) and costs range from \$50 - \$90. Trinity Amps takes care of the paperwork so the costs are as low as possible. As a result **there are no Import Duties** payable when shipped to the USA.

Trinity 15 Amplifier

Our Trinity 15 amplifiers are built using point-to-point wiring using eyelet board construction for optimal service and reliability. High-quality tubes, coupling capacitors and resistors are selected for maximum tone, performance and reliability. The Trinity Amps power transformer output transformer and choke are all OEM Matchless and selected for maximum tone, performance and reliability.

When you purchase a Trinity 15 Amplifier, several options are included in the price:

Piping: white (standard), silver or gold piping
Tolox Covering: black Mesa wrinkle (standard), black, green, red, purple Levant or black elephant
Grill Cloth: gray weave (standard), Marshall black or salt & pepper, Fender silver, Ampeg blue SVT
Handle: strap style or comfortable leather “dog-bone” style
Control Knobs: choice of black or white “chicken head” style
Other Tolox, grill cloths and hardware are available and priced upon request.

The 1X12 Combo weighs 50 pounds and the head version weighs 30 pounds.

PRICING

Trinity 15 Head	\$1150
Trinity 15 1-12 Combo (no speaker)	\$1250
Trinity 15 1-12 Combo with Tone Tubby Alnico Hemp Cone	\$1500
Trinity 15 2-12 Combo (no speaker)	\$1350
Trinity 15 2-12 Combo with Alnico and Ceramic Tone Tubby Hemp Cone	\$1750

Trinity 18 Amplifier

Our Trinity 18 amplifiers are built using point-to-point wiring utilizing turret board construction for service and reliability. High-quality tubes, coupling capacitors and resistors are selected for maximum tone, performance and reliability.

Trinity Amps builds three Trinity 18 amplifier versions based on the original Marshall 18 design. The Trinity 18 Tremolo version, the Trinity 18 sIII and the Trinity 18 TMB-MV (both with Treble-Midrange-Bass, Master Volume). The power transformer and output transformer are built to the original Marshall specifications and used vintage grade steel laminations.

When you purchase a Trinity 18, several options are included in the price:

Piping: White, silver or Gold
Tolox Covering: Black, Green, Red, White or Purple Levant or Black Elephant, Black Mesa Wrinkle
Grill Cloth: Marshall Salt & Pepper, Bluesbreaker, Fender Silver, Grey Weave
Handle: Marshall Strap chrome or comfortable Leather “Dog-Bone” style handle
Other Tolox, grill cloths and hardware are available and priced upon request.

The 1X12 Combo weighs 45 pounds and the head version weighs 25 pounds.

Pricing

Trinity 18 Head sIII or TMB-MV	\$1100
Trinity 18 1-12 Combo sIII, TMB-MV or Tremolo (no speaker)	\$1200
Trinity 18 1-12 Combo with Tone Tubby Alnico Hemp Cone	\$1450
Trinity 18 2-12 Combo sIII, TMB-MV or Tremolo (no speaker)	\$1300
Trinity 18 2-12 Combo with Alnico and Ceramic Tone Tubby Hemp Cone	\$1700

Trinity Deluxe Amplifier

For rock, country or blues players that want a moderately powered amp they can crank up on the gig or in the studio.

The fat, snappy guitar tones heard on many recordings, from Memphis to Abbey Road, were made using the Deluxe. It produces about 22 watts into 8 Ohms using two 6V6 output tubes and is housed in a classic Tweed cabinet.

Starting at \$950 US

Trinity Amps - Trinity 15 and Trinity 18 Kits

Trinity Amps now offers you an economical Do-It-Yourself way to build you own Trinity 15 or Trinity 18 amplifier.

What's included? ALL the parts necessary to build the amplifier except transformers, chokes and tubes! Save yourself a lot of time finding and sourcing the parts, and get a professional build as a result. You will also require a cabinet and speaker(s).

Kit Features

- All components.
- Mallory 150 series caps, Carbon Composition resistors.
- G10 material 1/8" thick Boards; Turrets (on 18) Eyelets (on 15).
- All connecting Wire; Mounting screws, spacers and nuts included.
- Ceramic tube sockets; brass mounting screws; tube retainers; shields.
- Faceplate(s) Gold 'Plexi' for 18; Black & White for 15.
- Laser Cut 0.08" bare Aluminum Chassis.
- 65 page Assembly guide with layout & instructions.

This is a high quality DIY kit using parts such as Mallory caps, ceramic tube sockets, Cliff jacks and G-10 board material. Please note that this is not really a beginner's kit. You will need to be able to read schematics, layouts and solder in order to assemble the board and wire up the amplifier using your choice of transformers and tubes. We recommend that you be familiar with high voltage tube amp construction, safety and troubleshooting.

A Word on the Chassis

The 18 combo bare aluminum chassis is based on standard dimensions and fits most, if not all cabinets commercially available including Trinity Amps. The 18 head chassis is the new, small box Plexi-style design. The Trinity 15 chassis is cut to fit Matchless transformers

A Word on Transformers and Tubes

If you buy the Trinity 15 kit, the genuine Matchless transformer and choke set is available through Trinity Amps for \$140.

For the Trinity 18 kit purchasers, we have had Custom 18 watt transformers made to original Marshall specifications for a special price of \$150 including shipping for the set! This is an excellent price for one of the best 18 watt transformers available.

PRICING

Trinity 18 watt sIII, TMB Head Kit	\$390
Trinity 18 watt sIII, TMB, Tremolo Combo Kit	\$390
Trinity 15 Head or Combo Kit	\$400

Trinity Amps Cabinets

We offer our cabinets starting from just \$220 for a finished head cabinet or \$320 for a finished 1X12 Combo cabinet. These are perfect for the DIY builder who wants to build their own amp and finish it off with a professional looking cabinet.

Cabinet highlights:

- Uses 1/2" or 3/4" Baltic birch multi-layer plywood
- 1/4" finger joints for extremely strong construction
- Choice of finish and hardware
- All mounting hardware for speakers and amp chassis
- Speaker jacks on extension cabinets, Rubber feet, Vent mesh where required
- A special feature designed into our Marshall style combo cabinets are chassis mounting boards. These are installed to rear-mount your chassis and hold it in place to facilitate servicing. Some lower cost cabinets do not include this feature.

Marshall Style Cabinet Pricing

Marshall style 18 watt head cabinet - \$220

Marshall style 112 18 watt combo cabinet - \$320

Marshall style 212 18 watt combo cabinet - \$340

Marshall style 112 extension cabinet - \$300

Marshall style 212 extension cabinet - \$320

Marshall style JTM45 head cabinet - \$230

Matchless Style Cabinet Pricing

Matchless style head cabinet - \$230

Matchless style 112 combo cabinet - \$330

Matchless style 212 combo cabinet - \$350

Matchless style 112 extension cabinet - \$310

Matchless style 212 extension cabinet - \$330

Prices include your choice of:

- Tolex: Red, Green, Black, White, Purple Levant, Black Elephant, Mesa Wrinkle, Fender Rough Black
- Piping: Gold, White, Silver
- Handle: Leather Dog-bone, Marshall style strap Handle with chrome end caps
- Vent Grill: Silver, Gold, Black
- Grill Cloth: Marshall Salt and Pepper, Bluesbreaker or Basket weave, Gray Weave (Matchless style) others

Options

When customers inquire about Trinity custom cabinets, they typically ask for special sizes, Tolex textures, colors, specific hardwoods, metal corners, special piping, grill cloth, handles etc. We are able to accommodate most requests.

Volume pricing

Email us for volume pricing and delivery for quantities greater than five combined cabinets.

Trinity Amps - Trinity 15 Chassis

We offer our aluminum Trinity 15 chassis and panels for your 15 watt project. These are the same parts we use for our completed amplifiers; these components are very competitively priced.

Chassis Features:

- Competitively priced
- 16 gauge aluminum
- All dimensions based on original Matchless design
- Cage nuts for mounting are used
- Cut and punched to fit the Trinity transformer set
- Interchangeable - can be used for either Combo or Head designs

Panel Features:

- Black finish panel material; White micro-surface engraved lettering

PRICING

Combo OR Head Chassis for Trinity 15 17" X 9" X 2.5" \$150
Includes two (2) Black finish panels (front and rear).
IEC cutout for power connector.

Trinity Amps - Trinity 18 Chassis

We offer our aluminum Trinity 18 chassis and panels for your 18 watt project. These are the same parts we use for our completed amplifiers; these components are very competitively priced.

Chassis Features:

- Competitively priced
- 16 gauge aluminum
- Clear Aluminum
- Cage nuts are used so they won't strip
- Cut and punched to fit the Trinity, s2, Heyboer etc. transformer sets
- Interchangeable - can be used for either Tremolo, sIII or TMB-MV 18 designs

Panel Features:

- Made from Plexi material like the originals
- Metallic gold finish
- Black reverse engraved lettering

PRICING

Combo Chassis for Trinity 18 sIII, TMB-MV or Tremolo 20" X 6" X 2.5" \$100
Includes one (1) Plexi finish panel.

Head Chassis for Trinity 18 sIII, TMB-MV or Tremolo 20" X 7.5" X 2.5" \$100
Includes two (2) Plexi finish panels (front and rear).
IEC cutout for power connector.

Impedance Selector Switch \$10
Silver contacts, 5A per pole, 20A max, 4 pole-3 position
Sealed, make-before-break rotary impedance selector.
Keyed to prevent rotation and fits perfectly into the Trinity Amps chassis

Trinity Amps - Trinity 15 Eyelet Board

We offer our Trinity 15 built boards for your DIY Lightning project. These are the same boards we use in our completed amplifiers. These boards use eyelets exclusively.

Board Features:

- Competitively priced
- Size 11.0" x 2.5"
- 1/8" thick Garolite, "Red Swirl" board material
- Eyelets
- Mallory 150 series coupling caps
- Carbon Comp resistors as standard
- Pre-assembled – parts and leads soldered in place
- Mounting screws, spacers and nuts included

PRICING

Trinity 15 assembled board 11.0" x 2.5"	\$90
Bare Eyelet Board	\$35

Trinity Amps - Trinity 18 Turret Board

We offer our Trinity 18 built boards for your DIY 18 project. These are the same boards we use in our completed amplifiers. These boards authentically reproduce the Marshall grid pattern and use turrets exclusively.

Board Features:

- Competitively priced
- Size 10.125" x 2.625"
- 1/8" thick G10 board material
- Turrets
- Mallory 150 series coupling caps
- Carbon composite resistors as standard
- Pre-assembled – parts and leads soldered in place
- Mounting screws, spacers and nuts included
- Solid copper ground buss

PRICING

Trinity 18 TMB-MV OR Tremolo assembled board 10.125" x 2.625"	\$90
Bare Turret Board	\$35

Trinity Amps – Tone Tubby Loudspeakers

Tone Tubby Loudspeakers are the most Musical Guitar Loudspeakers available. Trinity Amps is proud to be the Canadian Dealer.

Why buy your Tone Tubby Loudspeakers from Trinity Amps instead of direct?

Service - We will work with you to ensure you select the best Tone Tubby Musical Instrument loudspeaker for your application. We will also break-in speakers upon request when you buy two or more.

Price -The cost to import goods is expensive. Trinity Amps has negotiated reduced import and shipping fees and as a result, our Canadian Customers can benefit by as much as \$50 per 12" speaker on landed costs. Let us take care of the paperwork for you and 'Save Your Money'!

Pricing for Canadian Trinity Amps Customers

12" Tone Tubby AlNiCo 40W H1E Cone \$279 USD

12" Tone Tubby Ceramic 40W H1E Cone \$140 USD

10" Tone Tubby AlNiCo 40W H1E Cone \$230 USD

10" Tone Tubby Ceramic 40W H1E Cone \$135 USD
